DR. PRICE'S  
CREAM  
BAKING POWDER  
MOST PERFECT MADE.

From the Professor of Chemistry, California College of Pharmacy.

SAN FRANCISCO, JANUARY 24, 1889.  
I have made a careful analysis of a sample of Dr. Price's Cream Baking Powder  
purchased by me in open market. The results of my analysis show that the  
Cream of Tartar used in its manufacture is pure, and that it does not con-  
tain any foreign substances, such as Alum, Ammonia, Lime or other  
impurities. I consider it to be pure and wholesome, and in every  
way a superior article.

## COUNT DILLON.

Much Speculation as  
to His Mission.

STORM ON THE BRITISH COAST.

Gladstone on His Way to  
Scotland.

German Spies Arrested at Bel-  
fort Barracks.

### A Severe Storm.

By Cable and Associated Press.  
LONDON, Oct. 20.—The storm that  
prevailed along the north British coast  
on Saturday was followed by a dense  
fog. Vice-Admiral Sir Michael Culme  
Seymour and 240 officers and men  
belonging to the British fleet, who  
were left on shore at Scarborough on  
Saturday morning when the squadron  
put to sea to escape being blown  
ashore, made an attempt to rejoin  
their vessels this morning. The  
heavy sea had gone down and a long  
search in small boats was made for  
the ships, but the fog was so thick it  
was impossible to find them, and the  
boats returned to town.

When the fleet ran out to sea the  
gunboat Speedwell had only one officer  
on board.

Shortly after noon to-day the fog  
lifted sufficiently to allow of objects  
being discerned some distance, and  
the fleet having returned, the Vice-  
Admiral was taken on board the  
Camperdown. Here it was found that  
a cable had given away and severely in-  
jured thirteen of the crew, their legs,  
arms and ribs being broken. Three  
other vessels belonging to the fleet  
signaled that fatal accidents had oc-  
curred on board during the storm.

### A Variety of Guesses.

By Associated Press.  
OTTAWA (Ont.), Oct. 20.—The *Patrie*  
of Montreal declares that Count Dillon  
is here to prepare another Boulanger  
stroke, and is credited with saying  
that he is in daily communication  
with a son of the millionaire Duchess  
who furnished the money to run the  
Boulanger machine.

Many believe he is to agitate among  
the French-Canadians the establish-  
ment of a French Republic in Canada,  
with Boulanger at its head.

Several papers profess to know that  
the Count's object is the acquisition  
of land for the Boulangerists in British  
Columbia, while another thinks it is  
for promoting the immigration of  
French to Quebec, and still another  
thinks that, in pursuance of a scheme  
emanating from Mgr. Grandin and the  
ecclesiastics of Quebec, and sanctioned  
presumably by the members of the  
Federal Cabinet, he has come over in  
the interest of French colonization in  
the Northwest.

### Gladstone in the Field.

By Cable and Associated Press.  
LIVERPOOL, Oct. 20.—Gladstone left  
this morning. At the railway station  
at Wigan the crowd shouted that  
they did not want him to make a  
speech, but to reserve his voice to  
speak in Midlothian and demolish the  
Tories. Gladstone nevertheless made  
a short speech, in which he said Mid-  
lothian knew what to do for itself, and  
that nothing was left for him to do.  
He was heartily received along the  
entire route. At Carlisle he said he  
had no fear of Scotland, and hoped  
England would do as well in the home  
rule movement.

### Receiving Final Instructions.

By Cable and Associated Press.  
BERLIN, Oct. 20.—Baron Wissmann  
had a farewell audience with the Em-  
peror prior to his departure for Africa.

### Another Jerry Dunn.

By Associated Press.  
New York, Oct. 20.—The sporting  
circles in this city were startled this  
morning by the news of the death of  
Jerry Dunn in a small town near El  
Paso, Texas. The shock was soon  
dissipated, however, when it became  
known that the Jerry Dunn was not  
the Jerry Dunn the dispatches referred  
to. This dead man is Jerry Dunn of  
Boston, who fell into a decline and  
was sent south by friends. Jerry Dunn  
is still alive.

### Arrested for Spies.

By Cable and Associated Press.  
PARIS, Oct. 20.—The *Petite Journal*  
announces the arrest at Belfort Bar-  
racks of one of the guards named Diet-  
rich, and his sister, charged with being  
German spies. The plans of the for-  
tifications were found in Dietrich's  
house. Dietrich and sister, it is be-  
lieved, were in collusion with a Hano-  
verian spy named Stahl in divulging  
French army secrets to the German  
Government.

### Syndicate Representative.

By Associated Press.  
OTTAWA, Oct. 20.—Byron Douglas of  
London, England, has returned here  
from the Pacific coast. He represents  
the Hartington syndicate, which has  
made a tender for the Atlantic mail  
service. He will report to the com-  
pany respecting the advisability of  
placing a fast fleet on the Pacific.

### Greeted With Applause.

By Cable and Associated Press.  
PARIS, Oct. 20.—The Senate and  
Chamber of Deputies reassembled to-  
day. Bills were introduced by the  
Minister of War relative to spies and  
providing relief for families in the  
event of a mobilization of the army.  
The Chamber greeted the Ministerial  
measures with applause.

### A Gubernatorial Stumper.

By Associated Press.  
ALBANY, Oct. 20.—Governor Hill  
left to-day for Ohio to speak on De-  
mocratic principles at different places  
in that State. His first speech will  
be made at Canton to-morrow night.  
The Governor will go later on to West  
Virginia.

### An Atlantic Storm.

By Associated Press.  
HALIFAX, Oct. 20.—A fierce south-  
westerly wind has been raging on the  
coast all the morning and will prob-  
ably be the cause of further wrecks.

### Admiral Porter Better.

By Associated Press.  
WASHINGTON, Oct. 20.—The condi-  
tion of Admiral Porter is slightly im-  
proved.

### Greeley Misquoted.

A Republican Orator Completely  
Knocked Out.

"When I was a young man," said  
Lawyer Park of Aurora, Ill., "I was  
a political speaker. I was a Republi-  
can living in Waukegan during the Presi-  
dential campaign in which General  
Grant was the nominee of the Republi-  
can party and Horace Greeley the  
nominee of the 'Liberal Republicans,'  
indorsed by the Democrats. I was on  
a campaign tour in Wisconsin. I had  
an audience on the occasion to which  
I now call your attention that was  
with me in my sentiments. When I  
reached the morning up part of  
my speech, I said that every eminent  
man who had lived, or who was living,  
had uttered some words that would  
live forever. In proof I quoted from  
Cesar's 'Veni, vidi, vici' down to  
Grant's 'I propose to fight it out on  
this line if it takes all summer.' Hav-  
ing arrayed these sayings of great  
men, I stood on tiptoe and asked with  
oratorical anguish:

"What did Greeley ever say?"  
"There was a hush on the heels of  
this inquiry that lasted until it was  
painful to me. As I was about to pro-  
ceed, a little man with a head of fiery  
hair arose in a back seat in the build-  
ing and answered in a shrill voice:  
'Go West, you blank fool.'  
"The audience howled and yelled  
and fairly rolled from their seats. I  
didn't finish my speech. The red-  
headed man who had unwittingly  
punctured my oratory had broken up  
the meeting.

### BREVITIES.

J. R. Judge, the Eureka attorney,  
passed out to-day.  
George Hymers and Robt. Harrison  
drew the watches in Hyman Fred-  
rick's watch clubs Saturday evening.  
Robert Shirely and family will leave  
to-morrow morning for Stillwater,  
Churchill county, to permanently re-  
side.

W. T. Craig has bought out C. Lem-  
ery in the Arcade Hotel and Restau-  
rant and will take possession next  
Thursday.

### Determined Official.

When Colonel S. D. Lehr, Mayor of  
Allentown, Pa., attempted to arrest a  
man at the Fair there who was work-  
ing the thimble game, the fellow  
bolted from the grounds and into the  
street. The Mayor put after him and  
caught him after a chase of two miles.

### A Much Married Couple.

At Dean, Appanoose county, Iowa,  
the other day, a youth of 80 led a  
maiden of 65 to the altar. It is said to  
be the eighth husband for the wife  
and the sixth wife for the groom.

O'BRIEN IS INTERVIEWED.

Meeting of the Bar of the U.  
S. Supreme Court.

A Rejected Lover Commits Mur-  
der and Suicide.

### A Murderous Crank.

By Associated Press.  
CHARITON (Iowa), Oct. 20.—Last  
Saturday afternoon Elmer Oliver,  
aged 21, arrived here from Kansas.  
He hired a livery team, and drove to  
the little town of Freedom, where he  
went to the house of Mr. Tuttle and  
requested to see his daughter, with  
whom he was in love. She requested  
the girl to marry him, but she re-  
fused, saying she was too young.  
Oliver pulled a revolver and shot the  
girl through the temple, causing in-  
stant death. Then he turned the  
weapon upon himself and fired a ball  
through his head in the same place he  
shot the girl. He lived in an uncon-  
scious condition until this morning,  
when he died.

### What O'Brien Says.

By Cable and Associated Press.  
PARIS, Oct. 20.—In an interview to-  
day William O'Brien declared that he  
attached no importance to the report  
of the rivalry said to exist between the  
Irish societies in the United States.  
Such reports, he said, were always set  
afoot on the eve of the departure of  
an Irish mission to that country. The  
members of the mission did not in-  
tend to interfere with the individual  
rivalries. They were going as dele-  
gates of Parnell and the whole Irish  
party, and he was confident they  
would receive the support of the Irish-  
men in America and the sympathy of  
the entire American people.

### A Meeting of the Bar.

By Associated Press.  
WASHINGTON, Oct. 20.—There was a  
meeting of the bar of the Supreme  
Court of the United States to-day for  
the purpose of expressing the esteem  
in which Justice Miller was held by  
the attorneys who practiced before the  
court. A committee was appointed  
to draft resolutions commemorative of  
the services of Justice Miller, and the  
meeting adjourned until December  
6th, when the resolutions will be re-  
ported. A very full attendance of  
lawyers throughout the country is ex-  
pected to attend this meeting. The  
Court met at noon, but being without  
a quorum, immediately adjourned.

### Lake Steamer Burned.

By Associated Press.  
PORT HURON, Oct. 20.—The steamer  
Annie Young of the Lake Superior  
Transit Company took fire and burned  
to the water's edge off Lexington this  
morning. The steamer Ed Smith  
went to her rescue, and took thirteen  
of the crew off and brought them here.  
The balance of them, eight men, took  
to the yawl and were drowned. The  
Young had a cargo of coal and mer-  
chandise. She was 603 tons burden,  
and was valued at \$30,000. The mate  
was badly burned.

### Baseball Matters.

By Associated Press.  
New York, Oct. 20.—Delegates to  
the meeting of the Brotherhood of  
Baseball Players met this afternoon.  
It is likely the players will demand a  
representation on the Conference Com-  
mittee. The general belief is that  
their backers are looking out for them-  
selves, and may in the conference  
leave some of the players out of con-  
sideration. If the players secure a  
representation, it is almost sure the  
National League committee will refuse  
to treat with them.

### To-day's Silver Purchases.

By Associated Press.  
WASHINGTON, Oct. 20.—The amount  
of silver offered to the Treasury to-day  
was 1,217,000 ounces; the amount  
purchased, 647,000 ounces, as follows:  
Twenty-seven hundred ounces at  
\$1 0940; 50,000 ounces at \$1 0948;  
50,000 at \$1 0959; 70,000 at \$1 0962;  
50,000 at \$1 0964; 200,000 at \$1 0965;  
200,000 at \$1 0967.

### Destructive Hailstorm.

By Associated Press.  
NYACK (N. Y.), Oct. 20.—A terrific  
hailstorm prevailed throughout the  
upper part of Rockland county last  
night, doing much damage. Some of  
the hailstones were as large as walnuts.

### Death of an Explorer.

By Cable and Associated Press.  
LONDON, Oct. 20.—Sir Richard F.  
Burton, well-known for his explora-  
tions in Africa and other countries,  
died to-day.

### Mississippi Constitution.

By Associated Press.  
JACKSON (Miss.), Oct. 20.—The sup-  
plemental report of the legislative  
committee relative to State boundaries  
was taken up for consideration this  
morning. The second and last section  
thereof read as follows: "The Legis-  
lature shall have the power to consent  
to the acquisition of additional terri-  
tory by this State and to make the  
same a part thereof, and the Legisla-  
ture may consent to the creation of  
another State or Territory to be  
formed in whole or in part out of a  
portion of this State whenever the  
consent of the Congress of the United  
States shall be given thereto, and the  
Legislature may solve disputed bound-  
aries between this State and its co-  
terminous States whenever such dis-  
putes arise."

This is regarded by the delegates  
from the black counties as an intima-  
tion that the white counties may at  
some future time make an attempt to  
secede from the black counties and  
leave them to struggle along with the  
race problem.

### Self Praise.

Self praise is no recommendation,  
but there are times when one must  
permit a person to tell the truth  
about himself. When what he  
says is supported by the testimony of  
others no reasonable man will doubt his  
word. Now, to say that Alcock's Porous  
Plasters are the only genuine and reliable  
pore-openers made is no self praise in  
the slightest degree. They have stood the  
test for over thirty years, and in proof  
of their merits it is only necessary to call  
attention to the cures they have effected and  
to the voluntary testimonials of those who  
have used them.

We were of imitations, and do not be  
deceived by misrepresentations. Ask for  
Alcock's and let no solicitation or explana-  
tion induce you to accept a substitute.  
Alcock's Corn and Bunion Shields effect  
quick and certain relief.

### The First Step.

Perhaps you are run down, can't eat, can't  
sleep, can't think, can't do anything to your  
satisfaction, and you wonder what ails you.  
You should heed the warning, you are taking  
the first step into Nervous Prostration. You  
need a nerve tonic, and in Electric Bitters  
you will find the exact remedy for restoring  
your nervous system to its normal, healthy  
condition. Surprising results follow the use  
of this great nerve tonic and alternative.  
Your appetite returns, good digestion is  
restored and the Liver and Kidneys resume  
healthy action. Try a bottle. Price 50c, at  
Win. Pinner's Drug Store.

### A Cure for Sick Headache.

This distressing complaint is due to an  
inactive or sluggish liver with constipated  
bowels which derange the stomach and  
disturb the nervous system, causes disor-  
der and an oppressive dull pain in the  
head, often so severe as to prevent all rest  
or sleep. One of Dr. Gunn's Improved  
Liver Pills will relieve you of all the pain  
and misery and a few minutes will cor-  
rect the liver and stomach and regulate  
the bowels. While these pills are small,  
easily taken, and mild and gentle in their  
action there is no medicine made that will  
so effectively cure sick headache. 25 cents  
a box. Sold by S. J. Holmgren.

## 5 O'CLOCK EDITION.

### The Duty of the Hour.

We believe that it is universally conceded that an economic reform is essentially necessary in our governmental affairs for our future well being. We also know that the mining industry is on the wane and that we will have to turn our attention to something else if we ever expect to occupy a prominent place in the galaxy of States. We have been talking about reclaiming our arid wastes and telling the world what we have or what we would have if land and water were brought together, but thus far there has been no concerted action on the part of the people to bring about a more healthful order of things. We have been dwindling away until our population is reduced to about forty thousand people and our more prosperous sisters are poking fun at us and talking about annexing our territory to Idaho, Utah or California. One proposition is plain to all: that we must do something and that speedily. Both great parties should lay aside all bickerings and as one common people get together to see what is best to do and do it. The State's unfortunate condition is of far more importance than politics; whether Mr. Colcord is elected Governor or Mr. Winters; whether this man or that goes to the Legislature; whether John P. Jones goes back to the United States Senate or Dick Brown is our representative. The time has come for us to act, and act intelligently. We should rise above party and work as one man to better our condition.

We think Mr. Colcord is alive to the importance of the situation; we also believe that Mr. Winters fully comprehends the necessity of doing something, so let our Governor, whoever he may be, put a shoulder to the wheel and lift with all his might in aid of the reclamation schemes inaugurated by Mr. Newlands. Let the members of the incoming Legislature, be they Democratic or Republican, go to Carson with a fixed and steady purpose in view to improve our circumstances, and our word for it, we will feel the quickening in less than a year. Let each and every member of the Legislature take his oath of office fully determined to pass such laws as will be best calculated to give the relief sought. Do not go there and fritter away valuable time passing laws that are of no practical benefit. Do not wait to be "steered" by the lobby. Do not wait to ask this corporation or that if it suits them.

If such a course is pursued we will become a great and prosperous commonwealth before we know it. Think of this and see if we are not right. If the people take the reins into their own hands the rich will not be growing richer and the poor poorer as time rolls on, but prosperity will come to all alike, and we as a people will be happier, live longer and prove our manhood by wise legislation this winter. It does not require legislative experience to be honest and straightforward, neither does it require legislative experience for a business man to comprehend the situation and put himself to work to remedy existing evils. But it does require an honesty of purpose that in past years the Nevada Legislature has not been possessed of, or if it has it has not shown it to any very considerable extent.

EDITOR KELLEY of the Silver State was very much better Saturday. He had not a word about "Yerington's candidate," and unless the Democratic party's action in Humboldt in putting up a full legislative ticket contrary to his wishes creates more bile, he will undoubtedly pull through all right, for there is good leather in the old man.

INSTEAD of dividing the legislative delegation with the Republicans, as had been agreed upon, the Democratic County Convention held in Winnemucca last Saturday nominated a full legislative ticket, editor Kelley being unable to "deliver the goods."

THESE are equally times for candidates. He hears all manner of rumors as to trades being made that are calculated to shut him off from the public crib; every old bum in the country strikes him for all the way from a short bit to ten or twenty dollars, according to the standard of respectability and "influence" of the would-be "promoter." Doubt, fear and suspicion all have a whack at his nerves, until he crawls off to his couch to dream of defeat by the jobbery of his party associates. The man who sacrifices himself on the altar of his country for his country's good has a hard row to hoe, but in fifteen days more the story will be told; the people will have had their say, and it is hoped they will select wisely, for then the profits on a fifteen-dollar suit of clothes will cut no figure in the political world for two years, and we shall all settle down to the more stern realities of life and rustle for bread and butter on the outside, and may a kind Providence temper the wind to the shorn lambs who get left in the coming contest. Go to the candidates' ball at Glendale and be happy while you may; live in hope if you die in despair.

EDITOR CASSIDY's paper, the Eureka Sentinel, copies approvingly the Washington dispatch relative to the annexation of Nevada to Utah. This has been a pet hobby with the Honorable George ever since Bartine knocked him out two years ago, and if elected to Congress he will undoubtedly use his influence to consummate the scheme. We cannot imagine why Mr. Cassidy loves the Mormons so, unless he thinks his political chances would be better if we were wedded to Utah. If he intends to play a winning hand he will have to hatch up something that is more popular with the people than the annexation of Nevada to Utah.

It is uphill work for the Democrats to make a fight this year. All the leading Democratic officials are off on a still hunt for J. P. Jones for the United States Senate and the party legislative timber is split into kindling wood.

LET every good citizen of Nevada lead his energies in building up a State to be governed, then we can enter the contest of who can govern it best with a better grace and have something worth contending for.

An Extensive Family.  
Queen Victoria's family circle now numbers fifty living descendants, including sons and daughters, grandsons and granddaughters, great-grandsons and great-granddaughters. Beside these she has four sons-in-law, four daughters-in-law, five grandsons-in-law and one granddaughter-in-law. The Queen has lost one son and one daughter, five grandsons, one granddaughter, one great-grandson and one son-in-law. If these were living her family circle would number 74.

Up in the Air.  
Chicago is to have a building twenty stories high in the heart of the business district, and a hotel fifteen stories high at Jackson Park, out where the Fair will be held. The hotel will have 750 rooms, and the dining-room will be in the fifteenth story, and will be 100 feet square.

BEGINNING NOVEMBER 1st, 1890, THE monthly rate for incandescent electric lights will be as follows:

RIGHT O'CLOCK CIRCUIT.

Rate..... \$1.00 \$1.25 \$1.50 \$1.75 \$2.00

Power..... 10 cp 16 cp 20 cp 25 cp 32 cp

Rate..... \$1.25 \$1.50 \$1.75 \$2.00 \$2.25

RATE FOR RESIDENCES.

Where house is wired throughout the following rule will be used in determining rate: The total candle power divided by sixteen, the result divided by three and the quotient multiplied by 15 cts. Where only a few lights are installed the eight o'clock rates will apply. Where residences are occupied by more than one family, or boarders or roomers taken, special rates will be made, as this would call for an increased rate. Lodging-rooms, society or meeting halls, will be charged the ten o'clock rate, which rate will be divided by seven and multiplied by the number of nights used per week. To determine which circuit a customer is on, the following rule will be observed: Stores, shops or offices open no later than eight o'clock P. M., on the eight o'clock circuit; past eight and no later than ten, on the ten o'clock circuit; later than ten, on the twelve o'clock circuit.

The cause leading to this increase of rates of the incandescent lights has been brought about by the maladjustment of the General Electric Company, who have increased the rates of shut the dynamo down entirely. Each customer will be notified what his rate will be after Oct. 1st, and can then notify the Secretary what action he will take in the matter.

"Is this the best?" Is the question often asked, when medicine is wanted. The following are a few of the medicines of known reliability, sold by Shoemaker & Co., druggist of this place. They have many other excellent medicines, but these are worthy of special mention:

Chamberlain's Cough Remedy, famous for its cures of severe colds, as a preventative for croup. Price 50 cents per bottle.

Chamberlain's Pain Balm, a general family liniment and especially valuable for rheumatism. Price 50 cents per bottle.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, the most reliable known medicine for bowel complaints. It is especially prized by persons subject to colic. It has cured many cases of chronic diarrhoea. Price 25 and 50 cents per bottle.

St. Patrick's Pills, for disorders of the liver and bowels a vigorous but gentle physic that cleanses and renovates the whole system. Price 25 cts. per box.

Chamberlain's Eye and Skin Ointment. For tetter, salt rheum, scald-head, eczema and chronic sore eyes. Price 25 cents.

Stimulate the Blood.

Brandreth's Pills are the great blood purifier. They are a purgative and blood tonic, they act equally on the bowels, the kidneys and the skin, thus cleansing the system by the natural outlet of the body—they may be called the purgative and diuretic medicine. They stimulate the blood so as to enable nature to throw off all morbid humors, and cures disease no matter by what name it may be called. One or two of them taken every night will prove an infallible remedy.

Brandreth's Pills are purely vegetable, absolutely harmless and safe to take at any time.

Sold in every drug and medicine store, either plain or sugar coated.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. I have ever tried it; you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any throat, lung or chest trouble, get a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottle free at Wm. Finner's drug store.

The question has been asked, "In what respect are St. Patrick's Pills better than any other?" Try them. You will find that they produce a pleasant cathartic effect, are more certain in their action, and that they not only purge but cleanse the whole system and regulate the liver and bowels. For sale at 25 cents per box by Shoemaker & Co.

The Place to Buy. A. Nelson, of the Free Intelligence Office, Virginia street, carries a fine stock of the best tobaccos, Havana and Key West cigars, notions, cutlery, gloves, suspenders and Dr. Willey's Discovery.

Fryer. Sold by Wm. Finner.

Advice to Mothers. Mrs. Wm. S. W. Smith's Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

MAJOR HILTON.

The Wild and Woolly West Not so Bad After All.

Major Hilton, the temperance lecturer, was attentively listened to Saturday night by a good audience, made up largely of ladies. He graphically described a young drunkard clinging to an iron rod just above the falls of Niagara, and told a story about the saloon men of Akron, Ohio, that, if true, proves conclusively that our brethren at the East, with all their pious pretensions, cannot hold a candle to the people of this State in a moral point of view. The story as related by the temperance apostle was about like this: The saloon men of the staid old town of Akron would send drummers out with gaudy cards to be distributed among the young boys of the town, who would be invited to the saloons to play a game of pool. The drummers could assure the boys that it would not cost them a cent to come up after school and play a game or two. As a matter of course, the boys eagerly accepted the invitation and visited the places, had their games, only to return the next night for another. This went on for many months, until at last the proprietors presented them with large bills and demanded payment. The boys said they never had that much money in their lives. "Well, get it," demanded the saloon-keepers, "or the bills will be presented to your mothers." And, to make a long story short, they suggested to the boys that their mothers and sisters had jewelry, and if that was brought to the saloon-keepers all would be right. The boys accepted the situation, stole the jewelry from their mothers and sisters and gave it to the saloon men.

While the GAZETTE believes in temperance, and believes that rum is a curse in any community, "the wild and woolly West," as bad as she is, would not harbor a man who would resort to such methods a minute. He would be hung to the first tree.

The people of Nevada are as moral as any in the land, and do not need the missionary work that the old and moral (?) State of Ohio does if that story be true.

BOIL YOUR WATER.

The Typhoid Fever Becoming Alarmingly Prevalent.

The deadly typhoid fever is getting in its work in every part of town, and a funeral has become almost of daily occurrence. The physicians seem to be powerless to check the ravages of the disease. When the seeds have been once sown death comes along and gathers a good crop of victims, and no one seems able to dispute his right. Scientists tell us that the germs or microbes are in the water we drink and that boiling it destroys them. If that simple remedy will stop the fever we should think that every one would be only too anxious to try it. The physicians recommend it, and it only costs a little trouble to do it. Boil your water and save the lives of your family.

SENATOR JONES.

He Believes the East Is to Enter a New Era of Prosperity.

Senator J. P. Jones arrived from Washington Saturday evening, put up at the Clarendon and remained over until yesterday morning, when he took the southern train for Gold Hill. In conversation with a GAZETTE reporter he said that he believed the country east of the Rockies was soon to enter a new era of prosperity and that times would be better than they had been for ten years. He says the solution of the tariff question under the McKinley bill is correct and that it will do much toward establishing confidence in commercial relations and that good results are soon to follow.

Newlands' Book.

Mr. Newlands' "Address to the People of Nevada," published in pamphlet form and illustrated with maps, is attracting a good deal of attention in the press of the coast. It has been a valuable work to this State already, and Mr. Newlands is certainly entitled to great credit for getting up so concise a statement on the irrigation question.

Kicked by a Horse.

Yesterday the little son of Mr. and Mrs. Ed. Morton was kicked on the forehead by a horse. The little fellow was knocked senseless, but Dr. Thomas had him resting comfortably.

Deserves No Send-Off.

The Mountain Mirror of California says: If there is anything that tortures an editor more than anything else it is to publish a \$15 or \$20 obituary notice about some old prominent citizen who never had the manhood to take his county paper. Editors frequently put in such notices at the request of relatives and friends, but it grinds them to enslave a man to the skies who was too stingy to support his home paper. A three-line notice is all such fellows deserve.

Catsup by the Carload.

A Cincinnati dispatch says a novel shipment was made last week by one of the fruit-preserving establishments of Cincinnati, which illustrates the magnitude of certain branches of that business. It consisted of eighteen cars filled exclusively with bottled tomato catsup, consigned to Chicago and St. Louis, whence it finds its way to consumers. It is said that the scarcity of fruits this year has largely stimulated the canning of vegetables in their various forms.

One Disciple of Tolstoi.

Tolstoi's "Kreutzer Sonata" has been the means of the breaking of a matrimonial engagement in New York. The young man who jilted his sweetheart told her he had studied the great writer's views on the subject, and positively declined to run the risk of getting married. If the lady is wise, she may rejoice in escaping the fate of Tolstoi's heroine, and in future exercise discretion in lending novels of controversy to her admirers.

What James Expected.

Little James had been imparting to the minister the important and cheerful information that his father had got a new set of false teeth.

Indeed, James said, "the minister, indulgently, 'Any what will be with the old set?'"

"Oh," replied little James, "I s'pose they'll cut 'em down and make me wear 'em."

A Large Increase.

The production of cigars and cheroots throughout the whole country, for which taxes were paid in the month of July, 1890, amounted to \$74,095,140 as against \$45,458,786 during the same month in 1889. This shows an increase of 28,636,354 in one month's consumption.

WHY DID HE GO?

A St. Louis Merchant's Trip to the Postoffice, and the Result.  
California's last sensation is beginning to take hold of St. Louis. J. V. S. Barrett, the commission merchant of 122 and 124 North Commercial Street, was one of the first to test Joy's Vegetable Sarsaparilla in sick headaches. Its effect was such a gratifying surprise that he went over to the postoffice and told his friend, Thos. P. Culkin, sup't of the registry division, who was also worried with headaches. The following letter details his friend's experience also:—

POSTOFFICE, ST. LOUIS, Feb. 20, 1890.  
DEAR SIR: You ask me, Did I act on your advice? I did, and have to thank you. For years I had suffered from indigestion and headaches. Taking your advice, I purchased a bottle of Joy's Vegetable Sarsaparilla. Before I had finished it I could eat almost anything with impunity, and have been since rarely troubled with a headache of any kind, and which I give due credit to your advice and Joy's Vegetable Sarsaparilla.  
THOS. P. CULKIN.  
Sup't Registry Division, Postoffice.

The Prohibition Party and its Platform.

The organization of the Prohibition party of Nevada on Wednesday last was an event fraught with great consequences for the future welfare of our State. Though weak numerically at present, it is no doubt the coming party of the near future. It is the first political party in Nevada to lift up the voice of protest in the name of suffering humanity against the liquor traffic, which has so long dominated politics and dictated the policy of both the Republican and Democratic parties in our State—who walk arm and arm with it, bestowing their sweetest smiles and fondest caresses, vying with each other in praising the beauties and exalting the virtues of this poisoned source that seduces men from the paths of sobriety and virtue. Many good citizens have long waited for the parties to espouse the cause of sobriety and morality, but have waited in vain—conscientious men feel that the time has come when they will no longer voice perpetrate the saloon whose only mission is to debauch and degrade, to make sober men drunkards, industrious men idlers, to destroy health, home, happiness: all, indeed that is valuable and worth possessing. Both the Democrat and Republican parties uphold the saloon, and through them it is licensed. To vote the ticket of either means to continue to license it. To license it means to become a partner with it and share its vile profits and also become responsible for every drunkard made and every crime committed through its influence. No man possessing a sense of right can do this. For him there is no alternative but to vote with a party that will not license, but put it away. In great measure this is the mission of the Prohibition party. But it aims to do more. It proposes giving the people a clean government, one free from boudle and corruption, which prevail so largely in the old parties and have brought the name of Nevada into reproach. The State ticket nominated in not yet complete.

M. E. Ward of Reno, one of Nevada's honored business men, is the nominee for Congress. No doubt exists in the public mind about his being a taxpayer and as to whether he is fully identified with the interests of the State. His long residence among us forever settles that question. A son of Maine, a man of sterling worth, exemplary character and large business capacity, he will fill with credit to himself and honor to the people the position of Member of Congress, if elected. Upon one thing our fellow citizens can depend, when it comes to the question of standing for the right, he will be found as immovable toward wrong as the granite hills of his native State.

J. R. Hammond of Tuscarora, a gentleman possessing a fine education and business talent, who is the nominee for Secretary of State, will fill the position, elected with credit. All that has been said of Mr. Hammond will apply to A. W. Chenoweth of Winnemucca, candidate for State Treasurer; also to C. H. Gardner of Mason Valley, nominee for State Printer.

It can be said in praise of the men whose names have been placed on the county ticket, Captain Frank Cook, an old resident of Washoe county, well and favorably known, will discharge the duties of State Senator with fidelity, elected to the position. The Captain is a rustic and will do all he can for the good of Nevada.

For the Assembly the names of three men of sterling worth appear. Level headed, honest, capable, well known and chosen from the class who bears the heaviest burden of taxation; I speak of the farmers of Nevada, J. C. Haines, Reuben Hoag and W. H. Haines, who will serve every true interest of Washoe county, in a manner that will be fully satisfactory. The people need have no fear of any lottery scheme being foisted upon them while they have such men in the Legislature to represent them; neither of jobbery or dishonesty; nor will they have to pay another \$150,000, as they were compelled to do by our last Legislature, for the privilege of voting out a branch of the Louisiana lottery.

For County Commissioners the names of Abraham Banta and Eli Morrill are a sufficient guarantee that the business of the county will be conducted with honesty, economy and ability. More than this need not be said, and more than this the people do not require. The election of these men means prosperity for Washoe county.

J. G. Westlake, if elected to fill the office of Sheriff, will make a thorough, efficient and conscientious officer, as will also J. Stiner, the nominee for Assessor, and M. J. Turney, nominee for Treasurer, all of whom are capable, trustworthy men.

The Prohibition party has been the first to place a woman in nomination for public office—the name of Mrs. C. B. Norcross, for School Trustee (short term). Mrs. Norcross is a lady of intelligence and refinement, and one who has deep interest in the cause of education, and would honor any position to which the people may elect her. They will serve their educational interests by giving her their votes.

E. W. Taylor is the nominee for Justice of the Peace in the town of Reno. He formerly resided at Greenville, Cal., where he filled the office of Justice acceptably, but has resided for several years in this county, where he is well and favorably known. Judge Taylor would fill the office satisfactorily, because capable, and would hold the scales of justice evenly balanced, giving to all their dues.

H. F. Pavola, the nominee for Public Administrator, would fill that position with the utmost satisfaction to the people.

Alex. Backus, nominee for Constable, is a young man of integrity and honor, and above reproach. He is just the man the people need to arrest offenders and protect peaceable citizens against robbery or violence.

This ticket appeals to the confidence of every good citizen, and will no doubt receive on election day the warmest support of every man who has the best interests of the State at heart.

The Prohibition party, by its representatives in convention assembled, recognizing Almighty God as the source and power of human government, declares:

First—That the traffic in intoxicating liquors as a beverage is the prolific source of poverty and crime; that it fosters idleness, vice and all that is inimical to the happiness of the individual, the purity of the home and the moral and financial welfare of the State.

Second—That we are unalterably opposed to any law, by whatever name it may be called, that legalizes this traffic, and maintain that the policy of the Government should be that of its entire prohibition by laws faithfully enforced, to which policy the Prohibition party stands uncompromisingly committed.

Third—That we endorse the platform of the National Prohibition party.

Fourth—That retrenchment and a wise economy in the administration of our public affairs are imperatively necessary, and to this end we favor the calling of a convention at the earliest day to amend our State Constitution.

Fifth—We are unalterably opposed to mono-metalism and favor the free and unlimited coinage of silver.

Sixth—We favor such legislation, State or National, as may be necessary for the storage of our waste waters for the use of the people in the reclamation of our arid lands.

Seventh—We deem a pure ballot and a fair count as necessary to insure the perpetuity of our system of government, favor the introduction of the Australian ballot system and the disfranchisement for all time of men who, directly or indirectly, buy or sell votes.

Eighth—We favor only the rule of the people, and stand unalterably opposed to ring rule, bossism or the control of the State by corporations.

Ninth—We deem a tariff for revenue, adjusted so far as is possible to enable American industry to compete with that of Europe a necessity, but do not deem it less essential to protect the wage earner and toiling masses from the competition of cheap foreign labor.

Tenth—That the School Fund of the State should be held inviolable as a sacred trust to be used only for the furtherance of the cause of education.

Eleventh—That we deprecate and condemn the action of our last Legislature in trying to fasten upon the State an infamous lottery scheme, much to the detriment of its morals and general prosperity, and we pledge ourselves to oppose by every lawful means all that would hinder the moral and general welfare of the people or further tarnish the name of our State.

Twelfth—We favor only the election for public office of men of honesty and moral principle and men whose interests are fully identified with the interests of the State.
